Montero User Stories

Since it's a search engine, an event like new user signup is not crucial.

No.	User Type	User Story	Reason
1	As a new user	I want to enter a name of the city/adventure activity in the search box	As it's a search engine
2	As a new user	I want to discover adventure & thrill activities	As it's specifically for adventure & thrill activities
3	As a new user	I want to see traveler's all-time favorite adventure & thrill activities	As I am not aware what to search for (inspire me section)
4	As a new user	I want to see trending hot deals having great discounts	As I want to spend less on my next travel
5	As a new user	I want to see the pricing of different packages	As I want to select one that fits my budget
6	As a new user	I want to see reviews & ratings of different packages	As I want to know whether its worth going or not
7	As a new user	I want to see more photos & videos of the adventure activity	As photos describe the beauty of that place in a better way compared to words
8	As a new user	I want to see cost inclusions & exclusions of the adventure activity	As I want to know what the OTA is offering in that price listed
9	As a new user	I want to see a detailed itinerary of the adventure activity	As often times it's not clearly mentioned on OTA sites
10	As a new user	I want to see information on things to carry	Very important as safety is important when it comes to adventure activities
11	As a new user	I want to see the contact details of the tour agency or operator	Very important as I want to know if the OTA is legit/ in case of an emergency
12	As a new user	I want to read travel blogs written about that adventure activity or place	As I want to know more about the experience from previous travelers
13	As a new user	I want to see the social media presence of the travel agency	Its always nice to see the social presence or a community of the OTA
14	As a new user	I want to know about the difficulty grade of the adventure activity	As it directly influences the cost, duration & safety of the activity
15	As a new user	I want to see the safety precautions for that activity	As it will help me understand the risks involved in doing the activity
16	As a new user	I want to get additional information on things to do in and around that place	I want to make as much use of my time at that city/town
17	As a new user	I want to know the best time to do that adventure activity	I want to get the best experience out of it
18	As a new user	I want to sign up and create my own profile on montero	As it will help me save my curated lists
19	As a returning user	I want to add listings to my favorite lists	For further reference
20	As a returning user	I want to make personalized lists	For further reference
21	All users	I want to filter results based on pricing	
22	All users	I want to filter results based on my travel dates	
23	All users	I want to filter results based on the difficulty grade	
24	All users	I want to filter results based on the reviews & ratings	
25	All users	I want to sort results based on popularity from high to low	
26	All users	I want to sort results based on low price to high price & vice versa	
27	All users	I want to sort results based on number of ratings from high to low	
28	All users	I want to sort results based on difficulty level from easy to strenous	
29	All users	I want to compare 2 or more adventure activity listings side-by-side	This will help me decide quickly which activity & OTA to go for
30	All users	I want to buy things to carry & trip essentials	Its always nice to buy things to carry at the time of booking
31	All users	I want to see a simple UI that is not very slow to load	There is already a lot of information on the site to read & loading it with graphic-heavy elements makes it a time consuming affair
